Mick and Phil have inspired hundreds of runners with their own grit and determination to overcome the odds, to enjoy the pure pleasure they both get from running and racing. The father-and-son team, who live near Stratford-upon-Avon, in Warwickshire, have taken part in more than 280 races since 2002, including 27 marathons and 162 half-marathons. What makes them so inspirational to so many is that 50-year-old Mick pushes Phil's wheelchair along every mile – and achieves fantastic finish times in the process. Phil, who has cerebral palsy and sodium valproate syndrome, is most content when on the move and the joy of both is evident to anyone who has ever run alongside them. But the cost of travelling the country to compete in events most weekends could put a stop to their inspirational performance, which both father and son benefit from. Profits from this race will be donated to help Mick keep Phil running. Thank you for your help. More information and on-line entry can be obtained from <http://www.fetcheveryone.com/micknphil>
